

A NOTE ABOUT COVID-19 AND OUR NEW NORMAL

Due to the current global COVID-19 pandemic, new safety protocols have been implemented. In addition to more frequent disinfection of all surfaces, the salon suite has been reconfigured to maximize physical distancing between the two stations. At all times, there will be no more than 2 - 4 people in the salon. Guests, parents, older siblings and nannies are asked to wait in their vehicles or to return when the service is complete.

Please visit www.cdc.gov for the latest list of COVID-19 symptoms. If you are unwell, thank you for staying at home. Everyone must wash their hands before entering the salon suite. All patrons must wear face masks that loop over the ears. Face mask are to be worn by service providers and patrons for the entire visit therefore no eating or drinking during services. Prior to service, patrons will have their temperature checked and anyone with a temperature above 99 degrees Fahrenheit will be excused with return permissible when fever free for 3 days with no evidence of additional COVID-19 symptoms. Patrons will be asked questions about adherence to 6-foot physical distancing measures, the health of all in their household, diagnosis, known exposure, self-isolation, and symptoms. If symptoms are displayed during service, patron will be asked to leave and rescheduled when symptoms are no longer displayed. Rescheduling is subject to availability.

Thank you for your honesty, integrity, and for understanding that these safety measures are in effect to ensure the health of our salon clientele, service providers, all of our families, and our communities.
